

A Rainforest Wonderland

By

Ellie Ball

Ford End Primary School

There is a place in the rainforest, way up high,
Leaves on the trees reach the sky
Creatures fly across the vegetation
But the forest floor inspires meditation
The birds scream and squawk
Some can even learn to talk.

It takes a while for the moisture to come down,
Imagine the sound: drip, drop, drip, drop
You see, the rainforest is a miracle, that's
how I think of it
So don't think about deforestation ... not even a
tiny bit!
